Meeting ID: 971 3926 6668

Learning Objectives

1. To review the current RSV prophylaxis options and literature to support these
2. To review our local 2024-25 RSV prophylaxis data and RSV admission rates
3. To review the 2025-26 MOH guidelines and work being done to implement here at LHSC

Dr. Janine Hutson MD, FRCSC, PhD is a Maternal Fetal Medicine Specialist at London Health Sciences Centre and Assistant Professor at Western University. She researches perinatal drug safety with *Hutson/Garcia-Bournissen* lab and has published over 40 papers, contributing to national guidelines and the development of a perinatal toxicology program...

Erin Fleischer MN, NP is a Pediatric Nurse Practitioner at the Children's Hospital, London Health Sciences Centre. She has led the centralized RSV prophylaxis clinic since 2011 and has clinical expertise in childhood asthma and pediatric cystic fibrosis. Erin is a certified asthma educator and has contributed to multiple multi-center RSV research studies...

Charlotte Roy MD, FRCSC is a Maternal Fetal Medicine fellow at Western University. She completed her Obstetrics and Gynecology residency training at Memorial University of Newfoundland, where she also obtained a graduate diploma in post-secondary education...
